

# Learn Online

*If you are thinking of taking a course online but aren't sure where to start - start with us!*

The Learn Online program at the Learning Centre offers one to one help to find courses to suit your educational and career goals—credit, non-credit and high school courses are easily accessible via online delivery.

## Successful Learning Starts Here!

- Finish the high school courses you need to meet prerequisites for Trades, College and University programs.
- Register in College and University programs and reach your education and career goals from your own community.
- Master new skills with Ed 2 Go or an online education provider of your choice.

Work at your own  
pace  
from your home  
computer  
or in the new  
Learning Centre!
